

Energy Team Meeting: 9-23-16

Attending: Judy Kindel, LeRoy Harvey, John Sarver, & Heidi Porter

Sustainable Solar Home Tour: Flyers were distributed. Several homes/solar systems will be described by the owners and there will be food from East Lansing Food Coop. The event will be held at Meridian Township Town Hall Room from 2-4pm. Flyer here:

HOMTV has been very helpful with promoting this event and will help with AV set up.

Catching the Sun : Heidi mentioned the possibility of showing this film at a local theater if we can get enough interest. www.catchingthesun.tv/

Sustainability and Climate Action Plan Draft: We came up with a proposed name and some minor edits. The hope is to run it by the Environmental Commission for feedback and then hopefully get it to the Planning Commission and Township Board for further development and approval in 2017. We'd like it's development to be included in the 2017 Goals of the Board. We discuss a goal of 100 renewable by 2050 as an aspirational goal for the Township. We will also be in touch with the Green Communities Network and GLISA which recently presented a [webinar](#) on Climate Change.

Greenhouse Gas Inventory: LeRoy will explore ways we might begin a greenhouse gas inventory.

Township Energy Improvement Update: None provided

Next Meeting(s): 1pm on Oct 28
