

**Dear Friends of Recycling,**

First and foremost... **Thank you!** Support from people like you and businesses like yours have helped recycle or re-use over 100,000 pounds of recyclables this past year including electronics, clothing, household items, metal, books, foam packing peanuts, egg cartons, old documents, bicycles, mattresses, old medicines, and more!

We need your help to pull off two major events in 2017 - April 22 and October 7.

We are thrilled with the level of community support - including ~100 volunteers at each event. Still, recycling costs \$\$\$\$. T-shirts, rental costs, printing, publicity, coordination, and recycling cost thousands of dollars! Low prices for metals and increasing costs to recycle make your contribution even more important this year.

We hope you'll join us again and help us "Go Green in '17! Please consider any level of sponsorship or involvement.

Sincerely,
