

Dear Friends of Recycling,

First and foremost.... *Thank you!* Support from people like you and businesses like yours have helped recycle or re-use over 100,000 pounds of recyclables this past year including electronics, clothing, household items, metal, chlorofluorcarbon (from refrigerators), foam packing peanuts, egg cartons, old documents, bicycles, mattresses, old medicines, and more!

We need your help to pull off two major events in 2017 - April 22 and October 7.

T-shirts, rental costs, printing, publicity, coordination, and recycling cost thousands of dollars! Falling prices for metals and increasing costs to recycle make your contributions even more important this year.

We hope you'll join us again and help us "Go Green in '17!"

Sincerely,

A handwritten signature in black ink that reads 'LeRoy Harris'. The signature is written in a cursive style with a long, sweeping tail on the 'y'.

On behalf the Meridian *Green Team*
