

Stuff your stocking

# NOT YOUR DRAIN.

Prevent clogs, don't put  
gravy, fats and grease  
down your drain.

# What Can I Do?

Follow these simple steps to help prevent clogs and sewer backups:

## POUR

Pour cooled fats, oils and grease into a disposable container with a lid and throw it into your garbage. Never pour fats, oils or grease down the sink drains or toilet.

## WIPE

Soak and wipe up spilled oils and grease with an absorbent material such as paper towels or kitty litter and throw into your garbage.

## SCRAPE

Before you wash dishes, scrape food scraps, fats, oils and grease into your garbage.

## CATCH

Use sink strainers to catch any remaining food waste while washing dishes.
